

As SAFe embarks on our most ambitious fundraising campaign to date, we are asking for your support. Together, we can prevent cats from losing their families by assisting their human companions. Together, we can give new hope to cats who need extra care to thrive. Together, we can uplift areas where euthanasia rates are high by transporting more cats who might not otherwise survive to SAFe from across the state and beyond. You will find more information about giving levels and recognition opportunities in the following pages. This is our shared future—and the future begins with you!
